ENIGMATIC GENES is a sonic voyage, an epic tale, a shamanic visionquest through dreamscapes of the soul existing in fields of human gravity and dreaming of the divine origin...

Ancient meets the New in the eclectic fusion of ambient soundscapes with ancient musical instruments and vocal techniques. Featured instruments on this album are:

overtone voice, fujara, kannel, Jew's harp, native american flute, dombra, shakuhachi, didgeridoo, guitar, ney, quena...
